High Standards For Quality Alaska Schools

Background: Great Alaska Schools is committed to the achievement of high quality public education for every Alaska child. To reach this goal we believe Alaska must focus on specific outcomes, and set high standards for schools and teachers. One such set of standards has been established by the Anchorage United for Youth partners with their "90 by 2020" program. They specifically advocate tracking, among other things, whether Alaska children are ready for kindergarten, 3rd grade reading proficiency, 8th grade math proficiency, and high school graduation readiness as measures of educational success. More background information on their efforts can be found at: www.90by2020.org.

Education Funding

Background: Between FY2011 and FY2014, the Base Student Allocation (BSA) was unchanged by the Legislature. Over that period, as a result of this inaction in the face of ordinary inflation, the BSA lost over \$400 in purchasing power. During the 2014 Legislative Session, Great Alaska Schools advocated for an increase in the BSA of \$400 in FY2015 and, as a temporary alternative to inflation-proofing the formula, scheduled increases of \$125 in the following two years.

The 2014 Legislature voted to increase the BSA by \$150 in FY15, \$50 in FY16, and \$50 in FY17. In addition, they appropriated funding "outside" the BSA (using the same distribution formula as the BSA) in an amount equivalent to a BSA increase of \$72 for FY15.

Assuming no funds are appropriated outside the BSA in FY16, the BSA would need to be increased by \$425 that year to return to the purchasing power of FY11.

12. Do you support the actions of the 2014 Legislature regarding the level of education funding provided? Yes No

13. Would you support an increase in the BSA of \$425 in FY16?
(if yes, skip to Question 16) Yes No

14. Would you support any increase in the BSA in FY16?
(if no, skip to Question 16) Yes No

15. What is the maximum increase in the BSA in FY16 that you would support?

16. Would you introduce a bill to effectuate your desired BSA increase? Yes No

17. If a majority of your caucus did not support the level of BSA increase you supported in your response to Questions 13 – 15, would you still vote to approve such a BSA increase (regardless of the consequences within your caucus)? Yes No

18. Do you support inflation-proofing the BSA amount going forward to provide durability and stable purchasing power for Alaska's education funding? (If yes, then skip to Question 20) Yes No

19. Do you support continuing the practice of scheduled increases to the BSA going forward at least three years to provide predictability to education funding? Yes No

20. Would you like to explain any of your answers to Questions 12 – 19? (Please indicate which answer you are explaining.)

I will try to make sure our teachers and funding base is strong. The Schools should not have to struggle to get funding. Good Schools attract young families to rural areas to make those communities stronger.
